Subject: Yellow Wavellite Update

I UPDATED THE ARKANSAS GALLERY WITH ONE MALACHITE AND YELLOW WAVELLITE. THE YELLOW WAVELLITE IS FROM AN OLDER COLLECTION THAT CONTAINS SOME VERY GOOD PIECES THAT FLUORESCENCE. THE ARKANSAS GALLERY WAS UPDATED ON 8/31/06.

Yellow wavellite is considered rare. Very little is now available.

Remember that when you mention that you are a member of Wrights Mineral News that you receive a 10% discount.
