Subject: new Brazilian minerals

Greetings:

I have just posted over 125 specimens from the recent trip I made to Brazil. There is also a report on what we saw while down there with many pictures.

To see what is new visit:

To read the report visit:

If you want to be removed from this list visit:

<http://www.trinityminerals.com/email.shtml>

There you can add or delete your email address from the various email lists that I use.

Also, in case you were wondering, I will not be attending the Denver Show this year due to scheduling conflicts.

Thanks for your interest,
