Hi Dave,

If I remember, you are always looking for news to put on your website.
I'm back from Namibia where I found nice stuff.

To have an idea of our stuff please check below:

about the Munich Show...Here is the link to this page !

all the best,

Brice & Christophe GOBIN.

WHAT'S NEW IN AFRICA ???

COME TO VISIT US TO OUR BOOTH (B2.P27) IN THE INTERNATIONAL

MINERAL PAVILLON...nothing is for sale for moment, everything will be at the show...SORRY NO
TIME....

As you can see Africa is very colorful...

- New association of diopases and primary malachite on velvet shattukite.
- A parcel of very deep green octaedron shape fluorites from Orange River (South Africa)
- Tourmalines from afghanistan and Pakistan
- a selection of nice french minerals
- and more....
