**Subject:** Greenside Minerals - New feature and specimens

Hi,

We've just upgraded the Greenside Minerals website with a new feature - Specimen Previews. From now on when we add new specimens it will be possible for you (as a registered visitor) to view the specimens and make a purchase before anyone else. Usually the preview period will last for between 5 and 7 days. We hope you like this facility.

Currently in the preview area are a selection of superb Brandberg quartz crystals.

Please visit us at [www.greensideminerals.com](http://www.greensideminerals.com)

Regards,

Gary Atkinson
