Subject: Greenside Minerals - New specimens and price reductions

Hi,

We have added 6 new minerals to the website. They include scorodite from the recent collecting effort at the Hemerdon Ball Mine in Devon and fluorite from England and China. More significantly we have reduced the prices on some of our Cornish specimens. This is part of a on-going effort to ensure our specimens are competitively priced.

Please visit the website at:

<http://www.greensideminerals.com>

Regards,

Gary Atkinson
(Greenside Minerals)
