As always, you can navigate to every new mineral room using the link at the bottom of each page.

Enjoy the new specimens and remember, offers are always welcome. We also offer a layaway purchase option. Please e-mail for more information!

The months of December and January are our traditional Mineral Auction months where dozens of our finest specimens will be auctioned off on a best offer basis to make room for the Tucson minerals. The first auction will open shortly so watch for the coming announcement.

Best wishes!

Kevin
