Subject: website updates at Dan Weinrich Minerals

I have added 27 new specimens to the website - be sure to check them out!

The auction closes tonight at 7 pm eastern standard time. Still some great deals remaining

You will now find a new search engine on the website. With this powerful new tool you should be able to search, using any number of criteria, for the specimens you wish to see. You can search by mineral name, locality, price range, size, etc., or all of the above! I think that you will find this very useful!
