Subject: minernet.it first 2008 update

dear Dave,

this to tell you that, we have done the first 2008 update of our site www.minernet.it posting many new samples especially miniature of rare minerals but not only. Today - 8th January - we have added following showy and/or systematic samples:

Inesite, Leightonite, Arsenopyrite, Boltwoodite, Arseniopleite, Ilvaite, Apatite, Muscovite var. fuchsite, Manganaxinite, Sursassite, Schwartzembergite, Borax, Quartz, Amaranthite, Shigaite, Datolite, Crocoite, Poldervaartite, Aikinite, Cerussite, Sampleite, Piemontite, Klebelsbergite, Langite, Botallackite, Spessartine, Ferberite, Mimetite var. campylite, Manganocalcite, green Fluorite, Wavellite, Grossular, Rubellite, Barite, Clinozoisite, Bultfonteinite, Alunite, Eosphorite, and some others.....

Write please this on your site.

a good 2008 to you all.
friendly
