Subject: minernet.it secondo January update

dear Dave,

this to tell you that, we have done the second January update of our site www.minernet.it posting many new samples especially miniature of rare minerals but not only. Today - 16th January - we have added following showy and/or systematic samples:

Apuanite, Perovskite, Stolzite, Molybdenite, Corundum ruby, Siegenite, Uvite, Topaz, Scolecite, Manganoan Calcite with Quartz, Lazulite, Epidote with Quartz, Dresserite, Kyanite, Childrenite, Anhydrite, Spessartine, Roselite, Cassiterite, Dioptase, Kasolite, Goosecreekite, Plattnerite,
and some others.....

Write please this on your site.

Thank you
friendly
