Subject: Scolecite, apophyllite on stilbite, roselite,scheelite, fluorite and others

Welcome to Wrights Rock Shop

I updated Gallery 10 with scheelite, variscite, smoky quartz, malachite, fluorite, spinel, scolecite,apophyllite on stilbite, uvite, roselite, benitoite, and others on 7/21/08.

The spinel has exceptionally large crystals and the scolecite, apophyllite, on stilbite is one of the most aesthetic pieces that I have seen.

Please remember to mention that you are a member of Wrights Mineral News for your 10% discount.
