## Welcome to Wrights Rock Shop

I updated Gallery 13 with fluorite from Kara Oba, Kazakhstan, azurite and malachite, turkey fat smithsonite, calcite. selenite, blue and yellow wavellite, boltwoodite, rhodochrosite. English calcite, druzy quartz on chrysocolla, eudialyte, and others on 7/31/08.

I found three pieces from the pocket of blue wavellite found in the 1990's. It was a one time pocket and the location is closed. This piece I included in this update is the best of the thjree.
