Subject: Smithsonites and Fluorites

During the past several days we have added many fine and attractive specimens from both the southern Illinois fluorspar district, as well as smithsonites from the famous Minette collection.

Look for more updates on a regular basis over the coming weeks. We have many more excellent smithsonites to post.

The auctions will close Tuesday night at 7 p.m. eastern standard time. There are numerous neat items available, many going quite cheaply right now!
