**Subject:** \* \* UPDATE - The Tucson 2008 Mineral Sale \* \*

**The Tucson 2008 Mineral Room Sale is Underway!**

I usually begin this sale during the first week of December but I'm kicking it off a little early this year and adding some extra excitement into the mix as well. Instead of the usual 25% discounts off the online retail prices, this year I'm going to discount everything - including Rhodochrosites - **40%** off the listed website prices! This sale will work the same way the current Keystone Mineral Sale works for the Sale Rooms. Here's an example of just how much you can save if you take advantage of the huge discounts:

**MIN#TUCSON2008-22 NEW!**

Gemmy Golden Calcite crystals on sparkling drusy matrix!  
One would swear these are from Elmwood but they are actually two of the gemmiest Calcite crystals I've seen from China! Both are pristine and glassy. From the Nandan, Guangxi Zhuang A. R., China.  
Measures 7.5 cm by 7 cm in size.  
Price \$645

**During the sale, the discount price is \$645 - 40% or only \$387!!**

Large orders, dealer orders, and layaways are very welcome. To visit the Tucson 2008 mineral rooms, [please follow this link](#).

All 13 rooms can be visited by clicking the links at the bottom of each page.

Please call or e-mail if you have any questions.
