Subject: Major Updates - New Auctions

We have just completed several new updates:

13 outstanding specimens including superb tanzanite crystals and groups, gem tremolite, a figured azurite from Mexico, Minette smithsonites, etc.

27 colorful and showy specimens from Arizona; many nice Bisbee pieces here among others

20 excellent "price-friendly" thumbnails

A grouping of other interesting specimens from various recently acquired collections.

45 new specimens are now posted for auction.

A lot new! We will be traveling for the next week so if we are a little slow to respond please have patience.
