### Welcome to Wrights Rock Shop

I created the Ojuela Gallery with rosasite, hemimorphite, and wulfenite on mimetite on 1/23/09. I was able to get the remaining high grade from the recent find. There has not been any found since then.

Please mention that you are a member of Wrights Mineral News for your 10% discount.

I am in Tucson looking at new minerals and old collections. I will try to keep you up to date on what I see. If you attend Tucson, please visit at the InnSuites (Tucson City Center - new name for the hotel, but still part of the chain) ROOM 128.
