We have just added a set of neat and interesting thumbnail specimens, including several rare species. These are "price-friendly" and include nice aquamarines, emeralds, spessartines, as well as petarasite, mandanonite, nekoite, etc. All from the collection of Anna Mae Anderson, Billings, Montana.

The auctions are also updated with new things. These include many good thumbnail specimens, a neat California herderite, beautiful cobaltian dolomite, choice rutile from Azerbaijan, an excellent vanadinite from Los Lamentos, showy gem green Chinese fluorite, a fine cuprite from Tsumeb, an Ethiopian amazonite/smoky quartz combination, a gorgeous yellow gem calcite from Kazakhstan, plus many, many others.

Look for us in Tucson - now in Three Locations! Inn Suites Lobby (wholesale), Westward Look Show(top specimens), Convention Center - Main Show.
