Subject: Proustite, Fluorite, Smithsonite, and Others

I added proustite, calcite, fluorite. apatite, sphalerite, smithsonite, orpiment, pyrite, quartz, epidote with spessartine, apophyllite to Gallery 18 on 3/03/09. This Gallery is discounted 30 %.

I added several rare and very good pieces to the discount gallery. I thought that this might be a pleasant surprise for many of you. The Russian pieces are very good.

Please mention that you are a member of Wrights Mineral News for your additional 10% discount.
