**Subject:** Greenside Minerals - Prices Reductions

Hi,

We've reduced the price of more of our lower-end specimens. This time it's the turn of some of our English pieces to be re-priced. Included are specimens of fluorite, galena, malachite and pyromorphite.

For our UK customers: don't forget we have copies of the latest edition (2008) of Fleischer's and are still offering Andy Tindle's "Minerals of Britain and Ireland" for £95 with free postage.

As UK agents for the Mineralogical Record we also stock back issues of the magazine. See [www.greensideminerals.com/minrecmag](http://www.greensideminerals.com/minrecmag) for full details.

Regards,

Gary Atkinson
