New auction specimens are now posted.

I believe that this is one of our "strongest" auctions yet. There are a lot of great specimens available. Some of the highlights include:

- * **superb Chinese cassiterites, bournonite, stibnite/fluorite combination**
- * **emerald from South Africa; spessartine from Brazil**
- * **an outstanding Chinese azurite miniature**
- * **old-time German fluorite; Sicilian sulfur**
- * **a choice jack-straw "solution quartz" from Arkansas**
- * **several gem tourmaline crystals**
- * **a beautiful zoned large fluorite from Illinois**
- * **an excellent large thick bright lustrous hematite from Brazil**
- * **showy large amethyst from Bolivia**
- * **a fine wire native silver from Peru**

Plus many, many others. All of these at reserve prices at least 75% or more less than the regular retail price. True bargains are available!

As always, we welcome your comments and suggestions.
