We have just added 45 selected specimens from the collection of Peter Gillis. Some neat things here, both aesthetic attractive pieces to unusual and rare. More Gillis specimens will be coming soon.

The auctions are closing this evening at 7 p.m. eastern standard time. Some great things are currently available including:

- * a showy Tiger, Arizona wulfenite
- * a neat old-time Utah rosasite/hemimorphite
- * numerous attractive miniature specimens
- * LaBerge collection specimens
- * a superb large crystal of native copper from Michigan
- * a gorgeous glowing green small cabinet pyromorphite from China
- * rare species such as benstonite, siegenite, cylindrite from russia, etc.
- * a pretty crystallized rose quartz

Plus many other fine specimens. Many are enjoying our auctions and getting some great things at very reasonable prices. Join in on the fun!

As always, we welcome your comments and suggestions.
