## Welcome to Wrights Rock Shop

I created New Finds and Old Friends Gallery 2 with azurite geodes from Morenci, Arizona, yellow star muscovite, calcite on amethyst, and smoky quartz on 7/6/09.

The azurite geodes are from the 1970's and are no longer being found, while the yellow star muscovite , from the new find, contrast very well with the white matrix.

Please mention that you are a member of Wrights Mineral News for your 10% discount.
