Subject: Beta Scepter Quartz, Pyrolusite, Red Quartz

Welcome to Wrights Rock Shop

I updated Gallery 5 with hematite in quartz from Brazil and China, fluorite, calcite, manganocalcite, arsenopyrite, covellite, galena, cassiterite, and others on 7/28/09.

A few of the specimens were in older galleries, but were put on hold and never purchased. Many of you had requested the pieces. I decided to add the five pieces to this gallery.

Please remember to mention that you are a member of Wrights Mineral News for your 10% discount.
