New specimens have been added to the website. A lot of interesting specimens in this update with things from several different collections.

Also a reminder that the auctions will close this evening at 7 p.m. eastern standard time. 53 great specimens are currently available, featuring:

- * a fine crystallized silver from Canada
- * unusual things such as pretty mottramite from California, well crystallized hemimorphite from Pennsylvania, Wisconsin galena, sampleite from Chile
- * beautiful orpiment from China
- * neat copper cast after calcite from Michigan
- * a fine galkhaite specimen

Plus many other fine specimens. Many are enjoying our auctions and getting some great things at very reasonable prices. Join in on the fun!

See us in Denver! Holiday Inn room 109; Main Show J Aisle.

As always, we welcome your comments and suggestions.
