Subject: Last Denver Show Update

Greetings

I have prepared the last report on what I saw at Denver and also have posted well over 75 new specimens to the website with material that I picked up at the 2009 Denver Show.

To see the new specimens go here:

<http://www.mineralshows.com/denver2009/specials.shtml>

The link to the 3rd report is at the top of the page.

To get off this mailing list go here:

<http://www.trinityminerals.com/email.shtml>
and choose the mineralshows mailing list.

Thanks for your interest!!

John Veevaert
