Subject: Blue Quartz, Brazil and Amethyst, Kenya

Welcome to Wrights Rock Shop

I created the Blue Quartz and Amethyst Gallery on 9/25/09. The blue quartz, from Itinga, Brazil, is a truer blue with coloration that reminds one of Burmese sapphire in the light. The amethyst is from a new find in Kenya, and has crystals with good color.

The new specimens are inexpensive, especially. pertaining to the color and quality.

Please remember to mention that you are a member of Wrights Mineral News for your 10% discount.
