Subject: Red Heulandite, Thompsonite, Meikle Barite, and Others

Welcome to Wrights Rock Shop

I updated Gallery 13 with lazurite, red heulandite, thompsonite, wulfenite, sphalerite, apophyllite with calcite, barite from Meikle Mine, scepter amethyst and others on 10/012/09. The thompsonite specimens are among the best of their species and the other Indian minerals are from 1990's and similar specimens are no longer being found.
