## Welcome to Wrights Rock Shop

I created the Crestmore Quarries Gallery with clintonite, tilleyite, thaumasite, torberorite, scawtite, wilkeite, nontronite, merwinite.xonolite and others on 10/19/09. Commercial quarry, Sky Blue Hill, Crestmore quarries, Crestmore, Riverside Co., California, USA has produced 200 contact metamorphic mineral species with 10 type locality specimens. The location is best known for its fine clintonite specimens.
