We will be updating the website with 100 new specimens from the Tate Collection on Friday, November 20, 2009 at 6 p.m. eastern standard time. We have selected a mixture of things in all price ranges. We hope to have another update from this collection in another week.

New auction specimens are now posted. 75 great pieces, many large cabinet pieces this week. Some of the highlights include:

- * **superb cabinet sized galena from Peru**
- * **beautiful large matrix topaz from Pakistan**
- * **fine cabinet Denton Mine calcite**
- * **excellent Pakistan small cabinet epidote**
- * **choice thumbnails, some very good**
- * **an excellent old-time British galena on quartz hand specimen**
- * **showy large green fluorite on white quartz from China**
- * **large colorful old Sicilian sulfur specimen with Shortmann's label**
- * **large showy Brushy Creek calcite grouping**
- * **large well crystallized old-time New Jersey pectolite**

Plus many, many other great specimens!

As always, we welcome your comments and suggestions.
