Subject: December 2009 Mineral of the Month

Richard here from Mineral of the Month Club, just wanted to let you know we are running late with the Email about our December featured mineral, Lazurite from Badakhstan, Afghanistan. At the last minute, we have access to a few extra--nice pieces, which we are supposed to receive by the end of the week. We'll send you the Email about them as soon as we can after they arrive. Thanks for being patient!

I also wanted to let you know that we now have gift certificates available on our web site! Follow this link to check them out: http://www.mineralofthemonthclub.com/gift_certificates.htm Perhaps your spouse or friend would like to purchase one for you, or perhaps you would like to purchase one for someone special!

Also, we have given some of our specimens on consignment to a local Ebay seller/jewelry designer. Her name is Jessica Carson, and her Ebay auctions can be found by following this link: <http://avilagems.com/> Jessica has photographed a number of wonderful specimens and you can see the photos by following the link. She has the minerals arranged so that you can make an offer on them, and she had promised us that you may offer her about 10% to 15% under the asking prices, and in most every case, she will accept it. She will also 10% to Club members on her jewelry.

To take advantage of the special pricing for Club members, just click on the Make Offer box on the listing (s) for their item(s) of choice, and enter an offer price at 85% of the listed price (90% for jewelry), then click on 'Add additional Terms'. Enter 'Platinum' in the terms section and click Review Offer. If everything is correct, then submit the offer. Please let me know if you have any questions .Thanks!

Richard
