**We have updated the website twice during the past few days with specimens from the Lloyd Tate collection. One update is strictly top quality pieces; the other is a great mix of attractive pieces.**

**New auction specimens are now posted. 75 great pieces, some of the highlights include:**

- \* **showy green smithsonite from Arizona**
  - \* **beautiful tourmaline from Madagascar**
  - \* **many neat rare species**
  - \* **a large showy Brushy Creek calcite specimen**
  - \* **Lane Johnson collection specimens**
  - \* **large Tsumeb dolomite/calcite cast specimen**
- Plus many, many other great specimens!**

**As always, we welcome your comments and suggestions.**
