**Subject:** Madagascar Demantoid

### Welcome to Wrights Rock Shop

I created the Madagascar Demantoid Gallery on 1/05/10. In 2009, a new find was made of very good demantoid garnet in a mangrove swamp in Madagascar. Flooding is a problem, but the garnets can be very good.

If you mention that you are a member of Wrights Mineral News, I will continue the 20% discount on this gallery.
