New auction specimens are now posted. This week we have 85 super specimens - there are some outstanding and hard to obtain items in the auctions this week. Some of the highlights include:

- * a superb Moroccan erythrite
- * beautiful green calcite from Mexico
- * excellent well crystallized Slovenian wulfenite
- * Minette thumbnails; fine miniature adamite from the Minette collection
- * numerous choice thumbnail specimens
- * Gene Tribbey collection specimens; Lane Johnson collection specimens
- * a superb large octahedral pyrite specimen
- * unusual Ojuela Mine, Mexico smithsonite cabinet piece (ex Minette)
- * large cabinet well crystallized smithsonite from Australia (ex Minette)
- * showy large prehnite after laumontite from India
- * gorgeous green cabinet malachite specimen
- * superb tanzanite thumbnail

Plus many, many other great specimens! This promises to be a great and active auction.

We will be traveling over the next several weeks. The next invoicing/shipping date for auction specimens will be around March 20, 2010. Thank you for your patience.

As always, we welcome your comments and suggestions.
