Subject: Classic Gallery Specials

Welcome to Wrights Rock Shop

I added several specimens to the Classic Gallery which now has fluorite, crocoite, pyrite, smoky quartz, Japanese twin quartz, tourmaline, sulphur, and many others on 3/11/10. The specimens have had the prices reduced.

There are many pieces in this gallery that I especially think are a good value - Burmese tourmaline, spinel, wulfenite, smoky quartz, Japanese twin quartz, fluorite and sulphur.

I try to notify when there are specials.

Please mention that you are a member of Wrights Mineral News for your additional 10% discount.
