New auction specimens are now posted. This week we have 75 super specimens - there are some outstanding pieces available this week. This auction promises to be a "busy" one. Some of the highlights include:

- * Moroccan acanthite, unusual Chinese calcite, large Russian datolite
- * Old-time emerald from Colombia
- * An outstanding cabinet sized fluorite from Elmwood, ex Steve Neely collection
- * A fine old-time analcime on native copper cabinet piece from Michigan
- * Many choice showy pieces from the Lloyd Tate collection
- * California tourmaline on quartz; Mexican wulfenite
- * Very pretty large cabinet gem green fluorite with calcite from China
- * Tiger, Arizona cerussite; Joplin, Missouri calcite

Plus many, many other great specimens! This promises to be a great and active auction.

We are finally back from vacation. We will be processing all orders from the past several weeks today and tomorrow. Thank you for your patience!

As always, we welcome your comments and suggestions.
