A reminder that the auctions are closing this evening at 7 p.m. eastern standard time. This week we have 75 super specimens - there are some outstanding pieces available this week. Some of the highlights include:

- * pink fluorite on matrix from Switzerland
- * large fine crystal of carrollite from Congo
- * Neat thumbnails from the Clark and Minette collections
- * fine old-time Neudorf galena/siderite
- * neat celestine from Libya
- * excellent apatite from Brazil
- * large old-time specimens with old labels such as smithsonite from New Mexico, etc.
- * Tsumeb smithsonite/tennantite
- * Plus many, many other great specimens!

Look for a large regular gallery update on Saturday, July 17, 2010 at 12:00 p.m. eastern standard time.

As always, we welcome your comments and suggestions.
