The Newest Best Offer Mineral Auction is Open for Bidding!

Just the second custom made auction! Many of the specimens featured in this auction were requested by auction participants and very fine selection it is! In addition to this, I've added some new minerals from the Denver 2010 show to the mix to spice up the offering! Here's some of what's available....

Aqua with Schorl from Namibia, Copper crystals from Michigan, Batopilas Silver crystals, Prehnite from Namibia, Gold wires on Quartz from Idaho, Purple Creedite from Mexico, Gem yellow Anglesite from Morocco, Fluorite from Illinois, Brazilianite crystals on matrix, Pyrrhotite from Russia, Stibnite cluster from Peru, Descloizite from Namibia, Spinel cluster from Vietnam, Chinese Rhodochrosite and Sweet Home Mine Pyrite and Rhodochrosite... and much more - all offered at deeply discounted opening reserve levels!

Please note that while there is a very reasonable reserve set for each item, feel

free to make an offer below the reserve. Your offer must be approved before being entered into the auction. If the offer is too low, a counteroffer will be e-mailed for your consideration. Any offer made at the reserve level or higher is automatically entered into the auction.

The auction will close on October 28th! Good luck and have fun!
