Welcome to Wrights Rock Shop

I updated Mexican Gallery 1 with smithsonite on 10/22/10. According to Pete Megaw, this location is virtually finished. The pieces that were added include iridescent, pink, blue, purple and mixed colored specimens.

The specimens were from one of our last flats. We will occasionally find specimens that were mixed in the 9,000 flats of our stock.

Please mention that you are a member of Wright's Mineral News for your 10% discount.
