### Welcome to Wrights Rock Shop

I updated Gallery with benitoite with neptunite, cobaltoan calcite, yellow wavellite, sphaerocobaltite, tourmaline on quartz, galena, uvarovite, manganotantalite, star muscovite, stellerite, pyromorphite, sphalerite on quartz, and others on 11/01/10.

The galena and star Muscovite are among the best that I have seen of their type.

Please remember to mention that you are a member of Wright's Mineral News for your 10% discount.
