We have posted 95 new specimens for auction this week. I think that this is a very "strong" lot with many great things. Highlights from this auction include:

- * **Chinese rhodochrosite/fluorite combination**
- * **Gem aquamarine from Brazil; beautiful pink calcite from Morocco**
- * **Fine cabinet size pink apatite on matrix from Brazil**
- * **Large cabinet fluorite/barite from Germany**
- * **A "figured" descloizite from Namibia (in Namibia book)**
- * **Large fine ilvaite from Greece**
- * **Pretty red tourmaline; fine African rhodochrosite**
- * **Genthelvite from St. Hilaire**
- * **Several neat gold thumbnail specimens**
- * **Japanese stibnite; neat quartz/hematite from upper Michigan**

plus many, many other great specimens.

As always, we welcome your comments and suggestions.
