### Welcome to Wrights Rock Shop

I updated the Rare Species Galleru with uranium and tellurium minerals, such as, carnonite, uranophane, haiweeite, tyuyamunite, carlfriesite, native tellurium, emmonsite, tlapallite, hessite, and johannite. I, also, included good specimens of nifontovite, fluellite, szalbelyite, and blodite on 3/07/11.
