*** The Mineral Auction Closes Tonight at 8 PM Central Time ***

Wow, it's pretty apparent this auction has been overshadowed by the last update and the current clearance sale because bidding has been slow to say the least! This creates opportunity however and for those who decide to take part in the bidding before tonight's close, the low auction prices and bid levels should prove to be very rewarding. I hope everyone will take part and place a last minute bid or two!

Please note that while there is a very reasonable reserve set for each item, feel free to make an offer below the reserve. Your offer must be approved before being entered into the auction. If the offer is too low, a counteroffer will be e-mailed for your consideration. Any offer made at the reserve level or higher is automatically entered into the auction.

Good luck and thanks for taking part!

Kevin
