Hello David,

On April 28, the UT tower was lighted orange to recognize the **UT Team** of geoscience students who won the **Imperial Barrel Award**, the world's largest and most prestigious competition in petroleum geosciences.

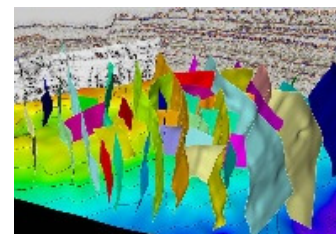

Huge mountains tower over a vast desert expanse. Rushing water carves massive canyons out of solid stone. Big Bend Ranch State Park is the largest Texan State Park. Learn more about it at the **HGS General Dinner** on Monday, May 9. Come fill your plate! Fresh shrimp will be plentiful. The **HGS Shrimp Peel** will be held on Saturday, May 14. Join us at the Sam Houston Race Park.

**Technofest 2011** will be held July 21. The topic for this year is "Profits In Any Environment." This year Technofest is expanding the breath of the conference across disciplines of geology, geophysics and engineering.
