**Subject:** New Excalibur Mineal List #21106 Ready  
**Attachments:** 21106.pdf

Greetings Everyone,

A new mineral list is offered in the attached PDF file, and it contains our usual assortment of new species, old classics and weird locality pieces for your collecting pleasure. We leave shortly for the big East Coast Gem and Mineral Show in West Springfield, Massachusetts, and you can see us there in the big Booth #120.

Please note: Material from this list will NOT be available at the show, and mail orders will be filled in the order received. All items subject to prior sale, and usual shipping terms apply.

Read on!
