Best Offer Mineral Auction #17!

We've finally reached the halfway point of the Best Offer Mineral Auction! 21 beautiful, high quality mineral specimens are offered, including Gold, Rhodochrosite, Fluorite, Silver, and bi-colored Beryl! The auction has only one more week to go and bidding so far is slow and the bargains are plenty. If you haven't visited already, now is a great time to place a bid and get on board before the close next Monday. Summer auctions traditionally present the best opportunity to win high end mineral specimens at wholesale prices. Don't miss out!!!

Please note, that while there is a very reasonable reserve set for each item, you are free to submit an offer below the reserve. Your offer must be approved before being entered into the auction. If the offer is too low, a counteroffer will be e-mailed for your consideration. Any offer made at the reserve level or higher is automatically entered into the auction. Good luck to all participants!
