Welcome to Wrights Rock Shop

I updated Gallery 7 with topaz and topaz with hyalite from Zacatecas, Mexico, realgar, calcite, amethyst, calcite on amethyst, schorl, elbaite, lepidolite in muscovite, kunzite, fluotite and others on 11/21/11.

The topaz are very good small groups that are comparable to specimens many times their price on other sites. This is perhaps the end of my realgar specimens from the 2005 find and the mine is closed.

Please mention that you are a member of Wright's Mineral News for your 10% discount.
