Greetings Everyone!

Our last mineral list for 2011 is in the attached PDF document. It contains our usual assortment of NEW SPECIES, one-of-a-kind oldies, historic pieces, solid reference specimens and more. All are available on a first-come, first served basis, and all are FOB our warehouse.

Beat the holiday rush and get your orders in early to avoid disappointment. We will process all requests as quickly as possible in the sequence received. Looking forward to hearing from you!
