Subject: Oct 2012 AMMin online, mobile access & Annual Meeting

Dear MSA Member,

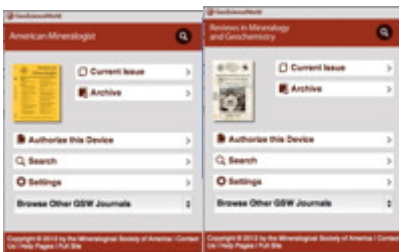

The **October 2012 (v97n10) *American Mineralogist* is online.** In addition to regular articles and letters, the issue contains the Roebbling Medal Lecture by Juhn G. Liou (et al.): *Mineralogy, petrology, U-Pb geochronology, and geologic evolution of the Dabie-Sulu classic ultrahigh-pressure metamorphic terrane, East-Central China* and the presentation of the 2012 Dana Medal to Roberta L. Rudnick.

Your institution subscribe to GeoScienceWorld (GSW)? Access full-text articles with all the GSW online features without a USERID or password at [AmMin GSW institutional subscription](#).

Your institution subscribe to the journal through MSA? Access full-text articles without a USERID or password at [AmMin MSA institutional subscription](#).

You have a personal subscription to the journal through MSA? With your USERID or password, access the journal on GeoScienceWorld (GSW) at [AmMin member subscription on GSW](#) or on the MSA website at [AmMin member subscription on MSA](#). Anyone can access the Table of Contents, titles, authors, abstracts, and archives at no cost at the [MSA website](#).

***American Mineralogist*, *Elements*, and the *Reviews* now available in mobile formats.** Visitors to the GeoScienceWorld portal pages of these journals using an enabled mobile device are automatically redirected to the mobile version (m.geoscienceworld.org). Content is designed for the smaller screen size and functionality of mobile devices and feature the full text of content of the

current issue (with [MSA subscriber authentication](#)), archives, and tables of contents, in addition to providing search and social bookmarking options.

MSA's Ninety-third Annual Meeting - Charlotte NC, USA

MSA Awards Lunch is Tuesday, 6 November 2012: 12:30 PM-2:30 PM, Westin Hotel, Grand Ballroom B, Charlotte, NC, USA. The Roebling Medal will be presented to **Harry W. Green, II** (Larissa Dobrzhinetskaya, Citationist) and the MSA Award to **Karim Benzerara** (Gordon E Brown, Jr, citationist). The 2010-2011 MSA Distinguished Lecturers will also be recognized: Ethan F. Baxter, Sumit Chakraborty, and Nancy Ross.

The MSA Awards Lectures, Annual Business Meeting, and Presidential Address is Tuesday, 6 November 2012, at the Charlotte Convention Center (CCC) room 208B: Harry W. Green, II gives the *Roebling Lecture: Mineralogy in Action: Critical Controls on Geological Phenomena and Rock Memory*; Karim Benzerara gives the *MSA Award Lecture: Biomineralization and fossilization of bacteria: what do we learn from field and experimental studies*, and Michael Hochella will follow with his *MSA Presidential Address: Mineralogy for the 21st Century, and the Science of Connections*

MSA/GS/MGPV Joint Reception is Tuesday, 6 November 2012, 5:45 PM-7:30 PM, Charlotte Convention Center (CCC), Ballroom Division C. MSA in the Exhibit Hall at Booth 549, open Sunday-Wednesday.

There are 4 Pardee Keynote Symposia, 35 half day oral technical and 8 poster technical sessions sponsored by a combination of GSA MGPV Division and its Associated Societies - CMS, GS, MAC, MSA, and MSGBI. Links: [technical program & schedule](#) and [papers by discipline or sponsoring society or Division](#).

New publication at MSA - *Lithographie Monograph No. 16: Amethyst - Uncommon Vintage (2012)*, Maarten A.T. M. Broekmans and Herbert Poellmann, editors. Description and ordering from MSA at [Lithographie Monographs](#).

[MinPubs.org](#). Single journal articles or book chapters, in either print or electronic form, from the *American Mineralogist* (v85 (2000) to present), *Elements* (v1 (2005) to present), and *Reviews in Mineralogy and Geochemistry* (v1 (1974) - present) are available from [MinPubs.org](#). It is also possible to purchase (a) content from these publications specially assembled and priced for course packs and (b) **entire volumes of the out-of-print Reviews**: v1 Sulfide Mineralogy, v2 Feldspar Mineralogy, v3 Oxide Minerals, v4 Mineralogy and Geology of Natural Zeolites, v5 Orthosilicates, v6 Marine Minerals, v7 Pyroxenes, v9A Amphiboles and Other Hydrous Pyriboles: Mineralogy, v12 Fluid inclusions, and v17 Thermodynamic Modeling of Geologic Materials: Minerals, Fluids, and Melts. An added advantage - you can word search the electronic versions. Instructions and ordering at [MinPubs.org](#).
