The Fifth Denver 2012 Showroom Update!

Update #5 is finally online and ready to go! I've been traveling for the past several weeks but now I'm back and ready to get the new show minerals online for the upcoming Holidays. This update will feature nearly two dozen new specimens, including an incredible Nugget Pond Gold on pink Granite and one of the most artistic Freiberg Wire Silvers you will ever see! Also included is a museum quality plate of Precious Opal after Conifer wood from Brazil, a multi-crystal Red Beryl on Rhyolite, gemmy Wulfenite from Los Lamentos, deep pink Morganite from Brazil, a superb Arsenopyrite on Quartz, large Golden Topaz on Muscovite, Native Sulfur on Aragonite from Sicily, Bunker Hill Arsenian Pyromorphite, and much, much more!

Denver Show 2012 Update #5

Thanks again for making us your first choice for fine minerals!
