### Welcome to Wrights Rock Shop

I created the gallery for cuprosklodowskite, Congo, autunite and sabugalite from France on 11/27/12. The specimens are of very good quality and from old stock (the autunite from the 1970's). The cuprosklodowskite and sabugalite specimens are large for the species.

Simply, few specimens of this quality are available.

Chris
