**We have added 40 new choice specimens to the website galleries. Specimens from both the Tab Farthing and Hans Luthi collections; also a few miscellenous things of excellent quality.**

**This is a reminder that the auction will close this evening at 7 pm eastern standard time. There are 100 great specimens - too many good ones to feature all in this mail! Highlights include:**

- \* **fine large British fluorite specimens**
- \* **richly crystallized skorpionite from Namibia**
- \* **well crystallized large British pyromorphite**
- \* **a beautiful large matrix emerald crystal specimen from Colombia**
- \* **large well crystallized showy realgar from Nevada**
- \* **neat specimens from the Tab Farthing collection**
- \* **superb hydrocerussite from Tsumeb**
- \* **showy fine plumbogummite miniature from China**
- \* **tourmaline and morganite in choice specimens**

**Plus many, many others ...**

**As always, we welcome your comments and suggestions.**
